

STOP THE PRESSURE OF 30+ YIELD-ROBBING INSECTS.

CORN THREAT ALERT: BLACK CUTWORMS

Hero® insecticide from FMC is here for you.

It doesn't take long for insects to do costly damage to your corn season. Hero® insecticide from FMC protects your corn fields with two active ingredients that deliver a powerful one-two punch against 30+ labeled pests before they cost you at harvest. That's especially important right now with recent reports of local pressure from black cutworms. Hero insecticide has a rate range of 2.6 - 6.1 fl. oz. per acre for control of black cutworms.

Get fast knockdown and long-lasting control.

Hero insecticide delivers reliable, convenient control of multi-pest complexes common in corn.

- Dual-mode knockdown takes out pests other insecticides may miss.
- Flexibly tank mixes with fungicides, post herbicides and foliar fertilizers for greater efficiency and ease of application.
- State-of-the-art technology increases the spectrum and length of control for more value from your insecticide dollar.
