

## **IMPORTANT UPDATED INFORMATION ON DIMETHOATE – POST HARVEST USE**

**The APVMA has suspended the label of DANADIM PROGRESS INSECTICIDE as of 19 September 2023. DANADIM PROGRESS INSECTICIDE may still be used according to the following instructions for the duration of the one-year suspension. DANADIM PROGRESS INSECTICIDE may be used according to the instructions on the approved label, except where the label provides direction for use as a post-harvest dip. All instructions referring to use as a post-harvest dip are void from 19 September 2023 and are replaced by the restraint:**

**DO NOT use DANADIM PROGRESS INSECTICIDE as a post-harvest dip.**
