

## ONE PASS. ONE SOLUTION.

PrecisionPac® CS-100-2525 herbicide is the newest blend which combines our GP Group 2 graminicide and PP-2525 herbicide for an all-in-one combination that controls broadleaf and grassy weeds in spring and durum wheat.

Dispensed in easy-to-handle, premeasured pouches for your exact weed spectrum and sprayer size, you buy only the amount you need. That means customized, top-performing weed control, great value and no leftovers to store!

The flexibility of PrecisionPac® herbicides gives you the power to fully customize your weed control.

The end result is:
