

AUTHORITY
480
HERBICIDE

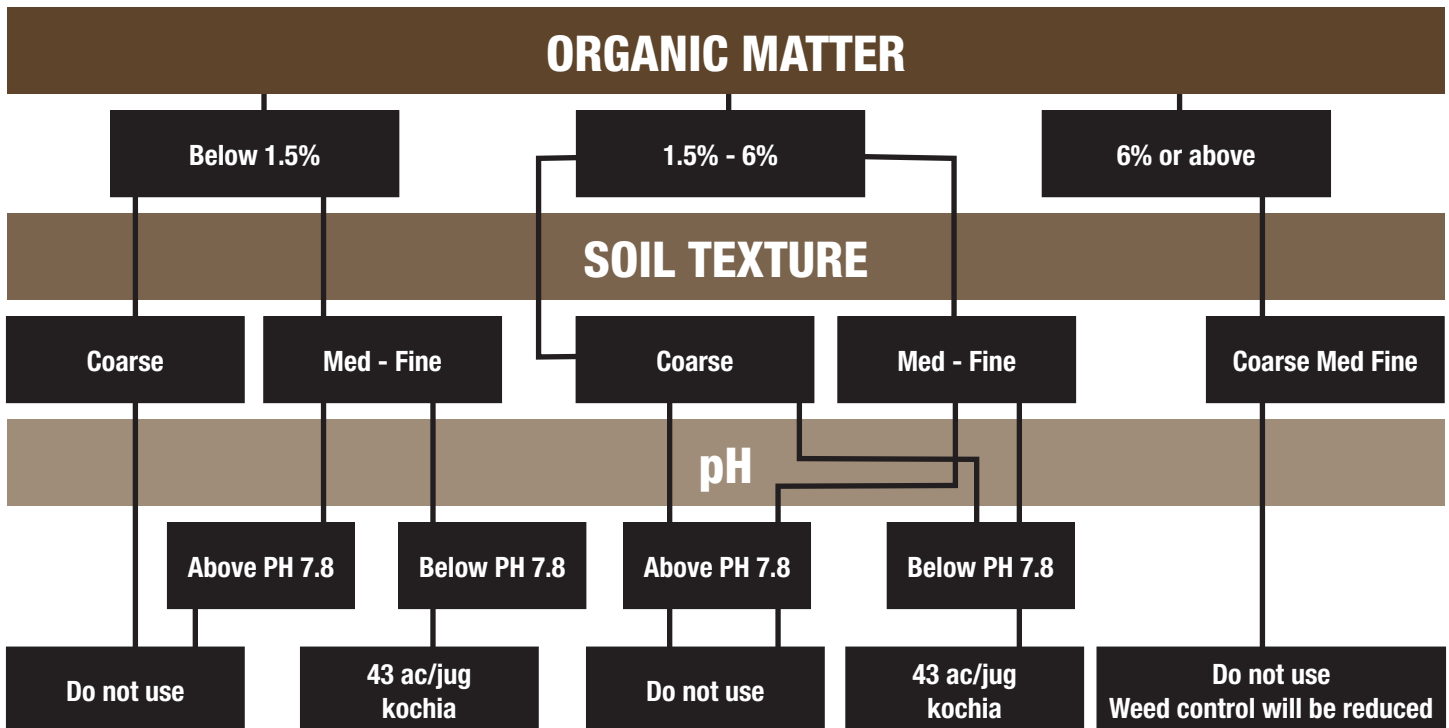

NEW – Authority® 480 is now registered for control of kochia in spring wheat and durum. Finally, a best in class option for control of group 2, 4 and 9 resistant kochia in your fields has arrived!.

Authority 480 can help get your cereal crop off to a cleaner start during the critical weed free period.

Below is a rate and flow chart to help identify whether Authority® 480 can help you with the fight against resistant biotypes of kochia in your cereal crop.

Use rate of Authority® 480 in spring wheat/durum	Weeds Controlled
219 mL/ha – 43 acres/jug	Kochia (including group 2, 4 and 9 resistant biotypes)

Please use the decision chart below to determine the right rate for your fields and weed spectrum.

Always read and follow label instructions.
