FMC An Agricultural Sciences Company

FMC CASHBACK 2027 TERMS & CONDITIONS

1. **Program Period:** The 2027 FMC CashBack (the "Program") is administered by FMC of Canada Limited ("FMC") and begins on November 1, 2026 and concludes on October 31, 2027.
2. **Eligibility:** The Program is open to Canadian Growers who reside in British Columbia, Alberta, Saskatchewan or Manitoba and are the owner, operator or designated representative of a farm.
3. **Pre-Enrollment:** Growers who are in active status or who participated in and have received a rebate payment from FMC will automatically be enrolled for the 2027 Program. This enrollment will remain in effect for all subsequent years unless FMC receives notification in written form from the Grower explicitly stating that they no longer wish to participate in the current or subsequent Programs.
4. **2027 Enrollment:** New Growers who meet the qualifying purchase criteria for the 2027 Program will be asked to provide consent for FMC to receive purchase information at https://ag.fmc.com/ca/en/cashbackform.
5. **Qualification:** Purchase a minimum of $12,000 of eligible FMC products between November 1, 2026 and October 31, 2027.
6. **Purchase Segments:** Rebates are paid as per the following logic:
   a. Total dollars purchased of FMC products at 2027 Suggested Retail Price (MSRP) pre-qualify a Grower for rebates corresponding to the segment of products and their total purchase percentages as per the chart below:

	Purchase Levels (MSRP)			
Rebate Category	**$12,000 - $29,999**	**$30,000 - $49,999**	**$50,000 - $74,999**	**≥ $75,000**
Biologicals by FMC	2%	4%	6%	8%
Pre-Herbicides	2%	4%	6%	8%
In-Crop Herbicides	6%	9%	12%	15%

   b. No minimum unit or acre purchase is required in any segment to receive a rebate on that segment.
   c. No matching acres are required between the Biologicals by FMC, Pre-Herbicides and In-Crop Herbicides segments.
   d. Purchases from the Purchase Level Builders Segment count towards the overall dollars purchased and can move the Grower up in the dollar categories; however, the products within this segment are not eligible for rebates.

   There are four (4) product segments (see below for products in each segment).

   i. Products in the "Biologicals by FMC" segment include (products eligible for rebate): Optimize® FXC DS, Ratchet®, TagTeam® and TagTeam® BioniQ®.

   ii. Products in the "Pre-Herbicides" segment include (products eligible for rebate): Authority® 480 herbicide, Authority Strike™ herbicide, Authority® Supreme herbicide, Avireo™ herbicide, Command® Charge herbicide, Express® FT herbicide, Express® FX herbicide, Focus® herbicide, Focus® NXT herbicide, Intruvix® II herbicide, PrecisionPac® herbicides (CF-18-878 herbicide, CF-18-878 PRO herbicide, DB-878 herbicide, DB-878 PRO herbicide, PF-100-0050 herbicide, PF-100-18 herbicide, PF-83-0050 herbicide, PF-83-18 herbicide, SZ herbicide, SZ-0050 herbicide, SZ-75-18 herbicide).

   iii. Products in the "In-Crop Herbicides" segment include (products eligible for rebate): Barricade® II herbicide, Barricade® III herbicide, Predicade® herbicide, Refine® M herbicide, Refine® SG herbicide, Travallas® Complete herbicide, Travallas® herbicide, PrecisionPac® herbicides (CS-100-23235 herbicide, CS-100-2525 herbicide, CS-100-50 herbicide, CS-75-23235 herbicide, CS-75-2525 herbicide, CS-75-50 herbicide, DB-6654 herbicide, FMC Fluroxypyr 333 EC herbicide, Perimeter® II herbicide, FMC Pinoxaden 100 EC herbicide, PP-23235 herbicide, PP-2525 herbicide, PP-3317 herbicide).

   iv. Products in the "Purchase Level Builders" segment include (purchases count towards total dollars but are not rebate eligible products): Biologicals: BioniQ®, Cell-Tech®, JumpStart®, Nitragin® Gold. Insecticides: Beleaf® 50SG insecticide, Carbine® insecticide, Coragen® MaX insecticide, Cygon® 400 EC insecticide, Pounce® 384EC insecticide. Seed Treatments: Avoda® PRO seed treatment fungicide. Herbicides: Aim® EC herbicide, Express® SG herbicide, Express® PRO herbicide, Muster® herbicide, Pinnacle® SG herbicide, Pinnacle® SG Toss-N-Go® herbicide, PrecisionPac® herbicides (CF herbicide, FH-20 herbicide, NC-00439 herbicide, NC-0050 herbicide), Sulfentra herbicide, UpBeet® herbicide.

7. **Rebate Category Matching Bonus:** A Grower must meet the Program qualification requirements (Section 5) to participate in the Rebate Category Matching Bonus. A Grower who qualifies for rebates in two (2) or more eligible rebate categories and has accumulated a minimum of 160 Eligible Acres in each qualifying category shall be eligible for an additional Rebate Category Matching Bonus.
   a. A Grower who qualifies in any two (2) eligible rebate categories shall receive an additional rebate of $1.00 per Matched Acre.
   b. A Grower who qualifies in all three (3) eligible rebate categories shall receive an additional rebate of $2.00 per Matched Acre.
   c. For the purposes of the Rebate Category Matching Bonus, the eligible rebate categories are:
      i. Biologicals by FMC, including Avoda® PRO fungicide seed treatment and BioniQ®, which are otherwise included in the Purchase Level Builders segment but shall be deemed eligible products within the Biologicals by FMC category solely for the purposes of calculating the Rebate Category Matching Bonus;
      ii. Pre-Herbicides; and
      iii. In-Crop Herbicides, excluding FMC Fluroxypyr 333 EC herbicide, Perimeter® II herbicide and FMC Pinoxaden 100 EC herbicide. These products are tank-mix products that match an acre of a PrecisionPac® in-crop herbicide blend and are not intended to be sold separately. For the purposes of the Rebate Category Matching Bonus, Eligible Acres associated with these companion products shall be based on the corresponding PrecisionPac® in-crop herbicide blend acres.
   d. All other products eligible for the Rebate Category Matching Bonus, not mentioned above, are those products identified within the Biologicals by FMC, Pre-Herbicides and In-Crop Herbicides rebate categories in the appendix table at the end of these terms.
   e. "Matched Acres" shall mean the number of Eligible Acres common to qualifying rebate categories and shall be determined using the lowest Eligible Acre total among the applicable qualifying categories.
   f. Where a Grower qualifies in all three (3) eligible rebate categories, the Rebate Category Matching Bonus shall be calculated as follows:
      i. the Matched Acres, being equal to the lowest Eligible Acre total among the three (3) qualifying categories, shall receive the $2.00 per acre bonus;
      ii. after the application of subsection (f)(i), any remaining Eligible Acres that can be matched between two (2) qualifying categories shall receive the $1.00 per acre bonus, based on the lower remaining Eligible Acre total of those two (2) categories; and
      iii. no Eligible Acre shall be eligible to receive both the $1.00 and $2.00 per acre bonus.
   g. Where a Grower qualifies in two (2) eligible rebate categories, the Rebate Category Matching Bonus shall be calculated using the lower Eligible Acre total of the two (2) qualifying categories, and such Matched Acres shall receive the $1.00 per acre bonus.
      i. Example of Qualification in Three (3) Rebate Categories: A Grower purchases 1,820 acres of TagTeam® BioniQ®, 1,500 acres of SZ herbicide and 2,000 acres of PP-2525 herbicide. The Grower qualifies in all three (3) eligible rebate categories. The lowest Eligible Acre total is 1,500 acres. Accordingly: (i) 1,500 Matched Acres qualify for the $2.00 per acre bonus, resulting in a rebate of $3,000; (ii) the remaining 320 acres in the Biologicals by FMC category (1,820 acres less 1,500 acres) qualify for the $1.00 per acre bonus, resulting in a rebate of $320; and (iii) the Grower's total Rebate Category Matching Bonus is $3,320.00.
      ii. Example of Qualification in Two (2) Rebate Categories: A Grower purchases 1,200 acres of Travallas® herbicide and 900 acres of Intruvix® II herbicide. The Grower will receive a $1.00 per acre Rebate Category Matching Bonus on 900 Matched Acres, resulting in a total bonus of $900.00.

8. **Rebate Calculations:**
   a. Retailers will submit Grower purchase/retailer sales information to AgData on behalf of the Grower for rebate payment calculation throughout the program year from November 1, 2026 to October 31, 2027.
   b. Rebates are paid on net sales purchase data as provided by the retailer(s).
   c. Rebates will be calculated based on the 2027 Suggested Retail Price. FMC reserves the right to change the suggested retail price at any time during the season, in its sole discretion, which may impact Growers' rebates within the Program.
   d. Rebate amounts will be calculated and paid in Canadian dollars.
   e. Some multi-crop products with different acres/unit rates use an average rate for program calculation purposes.

FMC An Agricultural Sciences Company

FMC CASHBACK 2027 TERMS & CONDITIONS

9. **Rebate Payment:** FMC reserves the right to audit all sales of FMC products by the distributor/retailer to Growers in order to confirm the accuracy of the sales and to adjust, if necessary, any affected rebates retroactively.
10. **Overpayment:** Any program overpayment will be refunded to FMC by the customer or will be deducted from future program payments at the election and discretion of FMC.
11. **Program Discrepancies:** Any claims for discrepancies in program payments must be received in writing by FMC by January 31, 2028.
12. **Grower Usage:** To qualify for the above rebates, eligible products must be used by the same Grower who purchased them, on a single farming account, or by an authorized buying group.
13. **Retailer Qualifications:** All product purchases must be made from an authorized crop protection retailer with CropLife Phase III facilities.
14. **Product Returns:** Growers will not receive rebates for products that are returned for any reason. It is the sole responsibility of the Grower to advise FMC if a return has occurred after the issuance of the Grower's rebate cheque. Failure to do so constitutes fraud, renders the program rebate null and void, and may result in legal action.
15. **Additional Programming:** Participating Growers may be eligible for additional 2027 FMC programs or rebates. See the Terms and Conditions of any other programs for program eligibility.
16. **Information and Data Usage:** Via pre-enrollment as indicated in Section 3 or by enrolling in the 2027 Program, the Grower acknowledges that their retailer(s) will submit purchase information, which may include personally identifiable information such as contact information and all necessary purchase data from the Grower and the Retailer, on their behalf to FMC and authorizes FMC, its affiliates and any third parties designated by FMC to use such information provided for the following purposes:
    a. Calculation, administration, and fulfillment of this Program;
    b. As a basis to send information that is relevant and useful to the Grower or respond to Grower queries using any form of communication including telephone, fax, email, text message, instant message, and social media to ensure we are fulfilling our customer-centric core value;
    c. To provide baseline data to improve the Program in the future, to further benefit the Grower;
    d. To further enhance our current level of services and product offerings; and
    e. Other purposes that require the Grower's consent, as permitted and required by law.
        i. Certain of these affiliates or third parties may be located in countries outside of Canada. If a Grower does not wish to receive product/offering information from FMC, the Grower can contact FMC at 1-833-362-7722. For more information on how FMC handles information, visit ag.fmc.com/ca/en/privacy-policy.
    f. If a Grower chooses to revoke their consent for usage of the data for any of the reasons stated in Section 16 through express written notification, FMC reserves the right to terminate the Grower's participation in the 2027 Program. This termination may result in the Grower no longer being eligible to participate in the 2027 Offer, subject to applicable law.
17. **Minimum Cheque Rebate:** FMC reserves the right not to send a rebate cheque for less than $100.00 in total rebate dollar value to the Grower. The Grower must qualify and have purchases of $12,000.00 or more to receive a rebate.
18. **Prior Notice:** FMC reserves the right to modify this Program in its sole discretion. The Program is subject to change without notice.
