Organic Fertilizer
Potash derived from Rhodophytes
FMC
Composition : As per FCO approved specification
Potash derived from Rhodophytes
1) Moisture per cent by weight, maximum 5.0
2) Water soluble Potash, per cent. by weight minimum 20.0
3) Total Sulphur (as S), per cent. by weight minimum 1.5
Dosage and Recommendation:
LEGEND® shows best result when applied at 120gm/hectare.
LEGEND® can be mixed with major fertilizers and crop protection inputs.
LEGEND® is a unique patented organic fertilizer containing Potash derived from Rhodophytes. It is powered with SuRGE technology which influences the gene expression of plants and improves inner health of plants.
May be used in crop production analogous to the National Programme on Organic Production (NPOP) and Canadian Organic Regime (COR) and Regulation (EC) No. 834/2007 & Regulation (EC) No. 889/2008. Annex Nr. 2015-240 OVP.
Features & Benefits:
Contains bio available Potash which improves key plant functions.
Contains unique Potassium source which improves shape, size, colour and taste of produce.
Increases yield and quality of produce.
Helps in activation of growth-related hormones & improves drought resistance.
Works on mechanism of action using SURGE (Selective Upregulation of Gene Expression)
Improves Nutrient uptake & fertilizer use efficiency.
