| Sr.<br>No. | Conditions   | Compliance Status   |
|------------|--|---|
|            | 2019 and Ministry's communication dated 24 <sup>th</sup> October 2019 regarding compliance of Hon'ble NGT order dated 19.8.2019 (published on 23.8.2019) in OA No. 1038/2018.  |   |
| 11.        | Based on the proposal submitted by the project proponent and recommendations of the EAC (Industry-2), the Ministry of Environment, Forest and Climate Change hereby accords environmental clearance to the project for Expansion of Pesticides and Pesticide Specific Intermediates from 19705 TPA to 47681 TPA by M/s. Cheminova India Limited (Intermediate Division) at Plot No.(27+28)/A, GIDC Industrial Estate, Panoli, Taluka Ankleshwar, District Bharuch (Gujarat), under the provisions of the EIA Notification, 2006, read with subsequent amendments therein, subject to compliance of the terms and conditions as environmental safeguards, as under:-  | Noted.  |
|            | (i) Consent to Establish/Operate (CTE/CTO) for the project shall be obtained from the State Pollution Control Board (SPCB) as required under the Air (Prevention and Control of Pollution)Act, 1981 and the water (Prevention and Control of Pollution) Act, 1974, and the SPCB shall follow the mechanism/protocol issued by the Ministry vide letter no. Q-16017/38/2018-CPA dated 24 <sup>th</sup> October, 2019 and forwarded by Central Pollution Control Board vide letter dated 25 <sup>th</sup> October, 2019 to the SPCB's while issuing the CTE/CTO for the project, for improvement of environmental quality in the area.   | dated 4 <sup>th</sup> June 2020.  |
|            | (ii) Zero Liquid Discharge shall be ensured including existing facility and the proposed expansion facility and no waste/treated water shall be discharged outside the premises.   | Unit shall comply with the given condition.   |
|            | (iii) Necessary authorization required under the Hazardous and Other Wastes (Management and Trans-Boundary Movement) rules, 2016, Solid Waste Management Rules, 2016 shall be obtained and the provisions contained in the Rules shall be strictly adhered to.   | Unit shall strictly adhere to the given condition.                                      |
|            | (iv) National Emission Standards for Pesticides Manufacturing Industry issued by the Ministry vide G.S.R.446(E) dated 13 <sup>th</sup> June, 2011, as amended from time to time, shall be followed.  | Unit shall follow the given condition.  |
|            | (v) No pesticides/chemicals banned by the Ministry of agriculture and Farmers welfare, or having LD <sub>50</sub> <100 mg/kg shall be produced. Also, no raw material/solvent prohibited by the concerned regulatory authorities from time to time, shall be used for production of pesticides.  |   |
|            | (vi) To control source and the fugitive emissions (at 99.98%), suitable pollution control devices shall be installed to meet the<br>prescribed norms and/or the NAAQS. The gaseous emissions shall be dispersed through stack of adequate height as per<br>CPCB/SPCB guidelines.   | Unit shall follow the given condition.  |
|            | <ul> <li>(vii) Solvent management shall be carried out as follows : <ul> <li>(a) Reactor shall be connected to chilled brine condenser system.</li> <li>(b) Reactor and solvent handling pump shall have mechanical seals to prevent leakages.</li> <li>(c) The condensers shall be provided with sufficient HTA and residence time so as to achieve more than 95% recovery.</li> <li>(d) Solvents shall be stored in a separate space specified with all safety measures.</li> <li>(e) Proper earthing shall be provided in all the electrical equipment wherever solvent handling is done.</li> <li>(f) Entire plant shall be flame proof. The solvent storage tanks shall be provided with breather valve to prevent losses.</li> </ul> </li> </ul> | All requirements shall be ensured, fulfilled and taken care during execution of project |

|     | Conditions  | Compliance Status   |
|-----|---|---|
| (v  | (g) All the solvent storage tanks shall be connected with vent condensers with chilled brine circulation.<br>iii) Total fresh water requirement shall not excess 764 cum/day to be met from GIDC water supply. Prior permission in this   | Unit shall follow the given condition.  |
| (i) | regard shall be obtained from the concerned regulatory authority.<br>Process effluent/any wastewater shall not be allowed to mix with storm water. The storm water from the premises shall be   | Well structured storm water drainage network is already   |
|     | collected and discharged through a separate conveyance system<br>Hazardous chemicals shall be stored in tanks, tank farms, drums, carboys etc. Flame arresters shall be provided on tank  | available at site.  |
|     | farm and solvent transfer through pumps.<br>Process organic residue and spent carbon, if any, shall be sent to cement industries. ETP sludge, process inorganic &   | , , , , , , , , , , , , , , , , , , ,   |
|     | evaporation salt shall be disposed off to the TSDF.<br>ii) The company shall strictly comply with the rules and guidelines under Manufacture, Storage and Import of Hazardous   |   |
|     | Chemicals (MSIHC) Rules, 1989 as amended time to time. All transportation of Hazardous Chemicals shall be as per the Motor Vehicle Act, 1989.   |   |
|     | <ul> <li>iii) The company shall undertake waste minimization measures as below:-</li> <li>(a) Metering and control of quantities of active ingredients to minimize waste.</li> <li>(b) Reuse of by-products from the process as raw materials or as raw material substitutes in other processes.</li> <li>(c) Use of automated filling to minimize spillage.</li> <li>(d) Use of Close Feed system into batch reactors.</li> <li>(e) Venting equipment through vapour recovery system.</li> <li>(f) Use of high pressure hoses for equipment clearing to reduce wastewater generation.</li> </ul> | Unit shall follow the given condition.  |
| (x  | iv) The green belt of at least 5-10 m width shall be developed in nearly 40% of the total project area, mainly along the plant periphery, in downward wind direction, and along road sides etc. Selection of plant species shall be as per the CPCB guidelines in consultation with the State Forest Department. In addition, the project proponent shall develop greenbelt outside the plant premises also such as avenue plantation, plantation in vacant areas, social forestry etc.   | plot area within plan premises. An Additional 11000 sq.m.   |
| (х  | v) As committed, fund allocation for the Corporate Environment Responsibility (CER) shall be 5% of the total project cost.<br>Item-wise details along with time bound action plan shall be prepared and submitted to the Ministry's Regional Office.  | <ul> <li>Unit shall follow the given condition.</li> <li>Total 63 lakh have been spent under Corporate Environment Responsibility (CER) for both Technical Division and Intermediate Division. Break up of expenses are as under : <ol> <li>Green Belt Development = 8 Lac</li> <li>Rainwater Harvest = 15 Lac</li> <li>C Arm equipment donation to Jayaben Modi Hospital = 23 Lac</li> <li>Oxygen Plant donation to Sardar patel Hospital= 17 Lac</li> </ol> </li> </ul> |

| Sr.<br>No. | Conditions  | Compliance Status  |
|------------|---|--|
|            |   | Total expenses are 63 lakh.  |
| -          | (xvi) Safety and visual reality training shall be provided to employees.  | In house-training programs are conducted on monthly basis<br>for SOPs and safety as per yearly plan  |
|            | (xvii)For the DG sets, emission limits and the stack height shall be in conformity with the extant regulations and the CPCB guidelines. Acoustic enclosure shall be provided to DG set for controlling the noise pollution. | Unit shall follow the given condition.   |
|            | (xviii) The unit shall make the arrangement for protection of possible fire hazards during manufacturing process in material handling. Fire-fighting system shall be as per the norms.                                      | The possible arrangement had been made for protection of<br>possible fire hazard during mfg. process and material<br>handling, The Fire hydrant system and fire extinguisher is<br>made available throughout the premises and safe practices<br>are adopted for handling and processing of flammable<br>material   |
|            | (xix)Occupational health surveillance of the workers shall be done on a regular basis and records maintained as per the<br>Factories Act.   | Presently, Pre-employment medical checkup of all<br>employees and contract workers is carried out by FMO and<br>records are maintained. Full medical checkup of all<br>employees as well as contract workers is carried out Six-<br>monthly and records are maintained. BCA testing for all<br>employees & workers exposed to production & packaging<br>of pesticides carried by LOVIBOND kit for all before joining<br>and periodic testing-monthly test for contract workers and<br>every 3 months for company employees. Health register in<br>Form No.32 & certificate of fitness is issued to workers by<br>FMO in Form No.33. Photograph of medical checkup report<br>is attached below: |

|------------|--|--|
|            | (xx) Continuous online (24×7) monitoring system for stack emissions shall be installed for measurement of flue gas discharge<br>and the pollutants concentration, and the data to be transmitted to the CPCB and SPCB server. For online continuous<br>monitoring of effluent, the unit shall install web camera with night vision capability and flow meters in the channel/drain<br>carrying effluent within the premises.                                     | Unit shall follow the given condition.   |
|            | (xxi) Mitigation measures suggested during process safety and risk assessment studies shall be undertaken accordingly.   | Unit shall follow the given condition.   |
| 11.1       | The grant of environmental clearance is subject to compliance of other general conditions, as under:-  | Noted  |
|            | (i) The project authorities must strictly adhere to the stipulations made by the State Pollution Control Board, Central pollution Control Board, State Government and any other statutory authority.   | Noted and agreed.  |
|            | (ii) No further expansion or modifications in the plant shall be carried out without prior approval of the Ministry of Environment,<br>Forest and Climate Change. In case of deviations or alterations in the project proposal from those submitted to this Ministry<br>for clearance, a fresh reference shall be made to the Ministry to assess the adequacy of conditions imposed and to add<br>additional environmental protection measures required, if any. | Noted  |
|            | (iii) The locations of ambient air quality monitoring stations shall be decided in consultation with the State Pollution Control Board (SPCB) and it shall be ensured that at least one station each is installed in the upwind and downwind direction as well as where maximum ground level concentrations are anticipated.   | Unit shall follow the given condition.   |
|            | (iv) The National Ambient Air Quality Emission Standards issued by the Ministry vide G.S.R.No. 826(E) Dated 16 <sup>th</sup> November,2009 shall be followed.  | Unit follows The National Ambient Air Quality Emission<br>Standards issued by the Ministry vide G.S.R.No. 826(E)<br>Dated 16 <sup>th</sup> November,2009 |
|            | (v) The overall noise levels in and around the plant area shall be kept well within the standards by providing noise control<br>measures including acoustic hoods, silencers, enclosures etc. on all sources of noise generation. The ambient noise levels<br>shall conform to the standards prescribed under Environment (Protection) Act, 1986 Rules, 1989 viz. 75 dBA (day time) and<br>70 dBA (night time).  | recognized Schedule I Environment Auditor- Quarterly & by  |

M/s. Cheminova India Limited (Intermediate Division)

|            | No: AWH-86147, Date of issue-23 <sup>rd</sup> -May-2017 and valid up to 4 <sup>th</sup> -March-2022, CCA amendment dated 09/08/2017 having CTO dment no.: AWH-94667 dated 31/08/2018, CCA amendment order no.: AWH-104863 issued vide letter no. GPCB/ANK/CCA-115 (13) ID-  |   |
|------------|---|---|
| Sr.<br>No. | Consent Condition Requirement   | Compliance Status   |
|            | install. STP of adequate capacity and treated sewage shall be reused/ recycled to the maximum extent.   | CETP.   |
| 3.8        | In case of Large and Medium Red Category industry, the unit shall install system for continuous monitoring of effluent quality/ quantity as per CPCB guidelines for relevant parameters (like pH, Flow, Temperature, TOC/COD, NH3-N etc.) and shall be connected to GPCB server. In case, if the industry is a member of CETP, unit shall install flow meter. | Continuous monitoring of effluent quality and quantity is done as per the CPCB guidelines for relevant parameters.  |
| 3.9        | If the water consumption of the unit is more than 50 KLPD, Unit shall submit detailed water harvesting plan (off site).   | The rain water harvesting work as a roof rain   |
|            | FLOW DIAGRAM OF WATER HARVESTING SYSTEM   | water harvest program inside premises is under<br>process and @ 1100 sq. m. roof of office building<br>and DG-PCC building is selected for this project.<br>Copy of the flow diagram of water harvesting<br>system is attached. Unit is in talks with GIDC<br>regarding off-site rainwater harvesting and<br>planning for the same. |
| 3.10       | The unit shall explore Techno-Economic feasibility of Zero Liquid Discharge (ZLD) and if feasible, ZLD should be adopted.   | Noted   |
| 3.11       | The effluent conforming to the above standards shall be discharged into G.I.D.C. underground drainage system and conveyed to FETP (NCTL) which ultimately leads to deep sea for final disposal through pipeline.  | Complied. Unit is following the given condition.  |
| 3.12       | Unit shall be required to make storage facilities to store the effluent for at least 72 hours by providing acid proof brick lined impervious tanks / HDPE tanks   | Storage capacity of more than 72 hours is<br>available. The material of construction of storage<br>tanks is based on the characteristic of the effluent<br>(HDPE/FRP/Acid brick lining/RCC/metallic).   |
| 3.13       | In case of shut – down of plant for more than three (3) days for any reason, the NCTL unit member shall intimate to NCTL authority & GPCB well in advance for the better operation & management of CETP.  | Noted and agreed.   |
| 3.14       | Unit shall make fixed arrangement for discharge of the effluent from their Final collection tanks to the underground drainage network of NCTL. Unit shall not keep any by-pass line or system or loose or flexible pipe line for discharge of the effluent into underground drainage network of NCTL.   | Complied  |
| 3.15       | Magnetic flow meters shall be installed at the inlet & outlet of effluent collection tanks / ETP to measure the quantity of effluent discharged into the underground drainage network of NCTL.  | Complied. Unit has installed magnetic flow meter<br>as per the given condition. Photographs of the  |

|------------|--|--|
| Sr.<br>No. | Consent Condition Requirement  | Compliance Status                                      |
|            | generated and consumption of electricity on day to day basis and required to submit the complied record of each month to GPCB on or before fifth day of the succeeding month.  | GPCB XGN Site every month.                             |
| 3.24       | In case of incinerators or MEE, the flow measuring devices for mother liquor / toxic effluent / Non-biodegradable effluent, light diesel oil, Furnace oil, etc. i.e. fuel used for combustion, air used for combustion shall be separately provided. Incinerator temperature recording devices as well as gaseous flow measuring devices for scrubber shall also be provided. These data of temperature & flow should be recorded every day & submitted to GPCB on monthly basis.              | Not applicable   |
| 3.25       | Disposal system for storm water shall be provided separately. In no circumstances storm water shall be mixed with the industrial effluent.   | Complied. Unit has provided separate storm water line. |
| 3.26       | Leachate from the hazardous solid waste, if any shall also be connected into a collection tank through leachate collection facilities and shall be treated along with industrial effluent and final treated effluent shall be discharged to the CETP of NCTL.  | Complied. Unit is following the given condition.       |
| 3.27       | If the NCTL authority terminates the membership of CETP, the NCTL member unit shall have to close down the manufacturing activities / industrial operation of the process plant immediately until the NCTL membership is resumed.  | Noted.   |
| 3.28       | The Environmental Management Unit / Cell shall be setup to ensure implementation on and monitoring of environment safeguards<br>and other conditions stipulated by statutory authorities. The Environmental Management Cell / Unit shall directly report to the Chief<br>Executive of the organization and shall work as a focal point for internalizing environmental issued. These Cells also coordinate the<br>exercise of environmental audit and preparation of environmental statements. | Complied.  |
| 3.29       | The environmental audit shall be carryout yearly, if applicable. The environmental statements pertaining to the previous year shall be submitting to this State Board latest by 30 <sup>th</sup> September every year.   | Complied.  |
| 3.30       | Adequate plantation shall be carried out all along the periphery of the industrial premises in such a way that the density of plantation is at least 1000 trees per acre of land and a green belt of 5 meters width is developed.  | Complied. Photographs of the same is attached below:   |

|            | No: AWH-86147, Date of issue-23 <sup>rd</sup> -May-2017 and valid up to 4 <sup>th</sup> -March-2022, CCA amendment dated 09/08/2017 having CTO dment no.: AWH-94667 dated 31/08/2018, CCA amendment order no.: AWH-104863 issued vide letter no. GPCB/ANK/CCA-115 (13) ID-  |   |
|------------|---|---|
| Sr.<br>No. | Consent Condition Requirement   | Compliance Status   |
| 4.8        | The unit shall adhere to Sector specific guidelines/ SOP published by GPCB/ CPCB from time to time for effective fugitive emission control. (like guidelines for: Stone crushing units, Coal handling units, spent solvent handling and management, spent acid management, Decontamination of drums, containers etc.)   | Noted. All the applicable SOP's published by GPCB/CPCB for effective fugitive emissions will be followed  |
| 4.9        | Unit shall take adequate measures to control odour nuisance from the industrial activities which may include measures like- use of masking agent with atomizer system (water curtain), closed/ automatic material handling system, containment of the odour vulnerable areas etc.   | Noted. Odor control measures are in place to control odor nuisance from specific activities.  |
| 4.10       | Unit shall not use Pet-coke, furnace oil, LSHS as a fuel.   | Pet-coke, furnace oil, LSHS are not used as a fuel. Only Natural gas and H.S.D. is used   |
| 4.11       | Unit shall adopt sectoral Best available Technology-BAT (Like Use of Introduction Furnace, Electric Arc Furnace instead of Cupola furnace in foundry industry, Caustic Recovery System in Cotton Textile units etc.   | Not applicable.   |
| 4.12       | Unit shall provide green belt of 40% of the plot area, using concept of the social forestry and development of green belt outside project premises in adjacent areas.   | Green belt development is in progress outside<br>premises by acquiring land given by GIDC.<br>33.18% green belt of the total plot area is already<br>available within premises. |
| 4.13       | Unit shall provide Wall to Wall carpeting in vehicle movement areas within premises to avoid dusting.   | Wall to wall carpeting in vehicle movement areas is made available to avoid dusting.  |
| 4.14       | Unit shall operate industrial plant / air pollution control equipment very efficiently and continuously so that the gaseous emission always conforms to the standards specified as above.   | Complied.   |
| 4.15       | The consent to operate the industrial plant shall lapse if at any time the parameters of the gaseous emission are not within the tolerance limits specified as above.   | Noted   |
| 4.16       | Unit shall provide portholes, ladder, platform etc. at chimney(s) for monitoring the air emissions and the same shall be open for inspection to / and for use of Board's staff. The chimney(s) vents attached to various sources of emission shall be designed by numbers such as S-1, S-2, etc. and these shall be painted / displayed to facilitate identification. | Complied. Stack monitoring facilities already provided  |
| 4.17       | Unit shall take adequate measures for control of noise levels from its own sources within the premises so as to maintain ambient air quality standards in respect of noise to less than 75 dB(a) during day time and 70 dB (A) during night time. Daytime is reckoned in between 6 a.m. and 10 p.m. and nighttime is reckoned between 10 p.m. and 6 a.m.              | Complied. Noise levels are well within the permissible limit.   |
| 4.18       | All efforts shall be made to control VOC emissions and odor problem, if any.  | Complied.   |
| 5.         | AUTHORISATION FOR THE MANAGEMENT & HANDLING OF HAZARDOUS WASTES   | Neterlate stress and the  |
| 5.1        | Unit shall comply with provisions of Hazardous & Other Wastes (Management & Transboundary Movement) Rules-2016  | Noted the given condition   |
| 5.2        | The condition No. 6.2 under authorization for Hazardous & Other Wastes of the CCA order No.: AWH-86147, issued vide letter no. GPCB/ANK/CCA-115(9)/ ID-15016/415086, dated 16/06/2017 and further amended dated 14/08/2017 is amended and shall now be read as under.   | Complied. Disposal of hazardous waste is as per granted quantity by GPCB.   |

|            |            |                                    |                                  |          |                                  |                 | 22, CCA amendment dated 09/08/2017 having CTO 863 issued vide letter no. GPCB/ANK/CCA-115 (13) ID-   |  |

M/s Cheminova India Limited (Intermediate Division) Plot No.(27+28)/A, GIDC Industrial Estate, Panoli District Bharuch (Gujarat) Email: <u>abhay.arora@fmc.com</u>

### Sub: Expansion of pesticides and Pesticide specific intermediates from 19705 TPA to 47681 TPA at Plot No.(27+28)/A, GIDC Industrial Estate, Panoli, Taluka Ankleshwar, District Bharuch (Gujarat) by M/s Cheminova India Limited (Intermediate Division)- Environmental Clearance - reg.

Sir,

This has reference to your proposal No. IA/GJ/IND2/88017/1995 dated 18<sup>th</sup> January. 2019, submitting the EIA/EMP report on the above subject matter.

2. The Ministry of Environment, Forest and Climate Change has examined the proposal for environmental clearance to the project for expansion of pesticides and Pesticide specific intermediates from 19705 TPA to 47681 TPA by M/s Cheminova India Limited (Intermediate Division) in an area of 149163.17 sqm at Plot No. (27+28)/A, GIDC Industrial Estate, Panoli, Taluka Ankleshwar, District Bharuch (Gujarat).

3. The details of products are as under:-

| S.<br>No | Product  | Existing<br>(TPA) | Proposed<br>(TPA) | Total<br>(TPA) |  |

4. Existing land area is 149163.17 sqm. No additional land will be required for the proposed expansion. Industry has developed greenbelt in an area of 49497 sqm covering 33.18% of total project area. The estimated project cost is Rs.790.36 crores. Total capital cost earmarked towards environmental pollution control measures is Rs. 25.05 crores and the recurring cost (O&M) will be about Rs.102 crores per annum. The project will provide employment for 178 persons directly and 422 persons indirectly after expansion.

5. There are no National parks, Wildlife sanctuaries, Biosphere Reserves, Tiger/Elephant Reserves, Wildlife Corridors etc. within 10 km from the project site. Ukaj Canal flows at a distance of 1.66 km in west direction.

EC for M/s Cheminova India Limited (Intermediate Division)

6. Total water requirement is estimated to be 1351 cum/day, which include fresh water requirement of 764 cum/day, proposed to be met from GIDC supply.

Effluent of 206 cum/day will be treated through Effluent Treatment Plant (ETP) having Primary, Secondary & Tertiary Treatments & treated effluent of 181 cum/day is discharged into underground conveyance pipeline connected to Final Effluent Treatment Plant (FETP) of M/s Narmada Clean Tech (NCT). It has been now proposed that after expansion, existing and proposed unit shall ensure zero liquid discharge and there will be no discharge of treated/untreated waste water from the unit.

Power requirement after expansion will be 3500 kVA proposed to be met from Dakshin Gujarat Vij Company Limited (DGVCL). Existing unit has one DG set of 1250 kVA. Two more DG sets of 1250 & 1500 kVA will be required under proposed expansion.

Existing unit has two natural gas based boilers of 10 TPH capacity each and one briquettes/bagasse/groundnut shell based boiler of 18 TPH capacity. Incinerator (for waste gas) and one natural gas based thermic fluid heater of 10 lakh Kcal/h will be installed in the expansion.

7. The project/activities are covered under category A of item 5(b) 'Pesticides industry and Pesticide specific intermediates' of the Schedule to the Environment Impact Assessment Notification. 2006, and requires appraisal at central level by the sectoral Expert Appraisal Committee (EAC) in the Ministry.

**8.** Standard terms of reference (ToR) for the project was granted on 23<sup>rd</sup> March, 2018. Public hearing is exempted in accordance with the Ministry's OM dated 27<sup>th</sup> April 2018, as the project site is located inside the notified industrial area.

**9**. The proposal for environmental clearance was considered by the EAC (Industry-2) in its meetings held on 8-9<sup>th</sup> April, 2019 and 26-28 June, 2019 in the Ministry, wherein the project proponent and their accredited consultant M/s Siddhi Green Excellence Pvt Ltd presented the EIA/EMP report. The Committee found the EIA/EMP report complying with the terms and conditions of the ToR, and recommended the proposal for environmental clearance to the project with certain conditions.

**10.** The proposal was further examined in the Ministry in accordance with the Ministry's Office Memorandum dated 31<sup>st</sup> October 2019 and Ministry's communication dated 24<sup>th</sup> October 2019 regarding compliance of Hon'ble NGT order dated 19.8.2019 (published on 23.8.2019) in OA No. 1038/2018.

11. Based on the proposal submitted by the project proponent and recommendations of the EAC (Industry-2), the Ministry of Environment. Forest and Climate Change hereby accords environmental clearance to the project for Expansion of Pesticides and Pesticide Specific Intermediates from 19705 TPA to 47681 TPA by M/s Cheminova India Limited (Intermediate Division) at Plot No.(27+28)/A, GIDC Industrial Estate, Panoli, Taluka Ankleshwar, District Bharuch (Gujarat), under the provisions of the EIA Notification, 2006, read with

/ EC for M/s Cheminova India Limited (Intermediate Division)

Page 4 of 9

- subsequent amendments therein, subject to compliance of the terms and conditions as environmental safeguards, as under:-
- (i) Consent to Establish/Operate (CTE/CTO) for the project shall be obtained from the State Pollution Control Board (SPCB) as required under the Air (Prevention and Control of Pollution) Act, 1981 and the Water (Prevention and Control of Pollution) Act, 1974, and the SPCB shall follow the mechanism/protocol issued by the Ministry vide letter no. Q-16017/38/2018-CPA dated 24<sup>th</sup> October, 2019 and forwarded by Central Pollution Control Board vide letter dated 25<sup>th</sup> October, 2019 to the SPCB's, while issuing the CTE/CTO for the project, for improvement of environmental quality in the area.
- (ii) Zero Liquid Discharge shall be ensured including existing facility and the proposed expansion facility and no waste/treated water shall be discharged outside the premises.
- (iii) Necessary authorization required under the Hazardous and Other Wastes (Management and Trans-Boundary Movement) Rules, 2016, Solid Waste Management Rules, 2016 shall be obtained and the provisions contained in the Rules shall be strictly adhered to.
- (iv) National Emission Standards for Pesticides Manufacturing Industry issued by the Ministry vide G.S.R.446(E) dated 13<sup>th</sup> June, 2011. as amended from time to time, shall be followed.
- (v) No pesticides/chemicals banned by the Ministry of Agriculture and Farmers Welfare, or having LD<sub>50</sub><100 mg/kg shall be produced. Also, no raw material/solvent prohibited by the concerned regulatory authorities from time to time, shall be used for production of pesticides.
- (vi) To control source and the fugitive emissions (at 99.98%), suitable pollution control devices shall be installed to meet the prescribed norms and/or the NAAQS. The gaseous emissions shall be dispersed through stack of adequate height as per CPCB/SPCB guidelines.
- (vii) Solvent management shall be carried out as follows:
  - (a) Reactor shall be connected to chilled brine condenser system.
  - (b) Reactor and solvent handling pump shall have mechanical seals to prevent leakages.
  - (c) The condensers shall be provided with sufficient HTA and residence time so as to achieve more than 95% recovery.
  - (d) Solvents shall be stored in a separate space specified with all safety measures.
  - (e) Proper earthing shall be provided in all the electrical equipment wherever solvent handling is done.
  - (f) Entire plant shall be flame proof. The solvent storage tanks shall be provided with breather valve to prevent losses.
  - (g) All the solvent storage tanks shall be connected with vent condensers with chilled brine circulation.
- (viii) Total fresh water requirement shall not exceed 764 cum/day to be met from GIDC water supply. Prior permission in this regard shall be obtained from the concerned regulatory authority.

EC for M/s Cheminova India Limited (Intermediate Division)

Page 5 of 9

- (ix) Process effluent/any wastewater shall not be allowed to mix with storm water. The storm water from the premises shall be collected and discharged through a separate conveyance system
- (x) Hazardous chemicals shall be stored in tanks, tank farms, drums, carboys etc. Flame arresters shall be provided on tank farm, and solvent transfer through pumps.
- (xi) Process organic residue and spent carbon, if any, shall be sent to cement industries. ETP sludge, process inorganic & evaporation salt shall be disposed off to the TSDF.
- (xii) The Company shall strictly comply with the rules and guidelines under Manufacture, Storage and Import of Hazardous Chemicals (MSIHC) Rules, 1989 as amended time to time. All transportation of Hazardous Chemicals shall be as per the Motor Vehicle Act, 1989.
- (xiii) The company shall undertake waste minimization measures as below:-
  - (a) Metering and control of quantities of active ingredients to minimize waste.
  - (b) Reuse of by-products from the process as raw materials or as raw material substitutes in other processes.
  - (c) Use of automated filling to minimize spillage.
  - (d) Use of Close Feed system into batch reactors.
  - (e) Venting equipment through vapour recovery system.
  - (f) Use of high pressure hoses for equipment clearing to reduce wastewater generation.
- (xiv) The green belt of at least 5-10 m width shall be developed in nearly 40% of the total project area, mainly along the plant periphery, in downward wind direction, and along road sides etc. Selection of plant species shall be as per the CPCB guidelines in consultation with the State Forest Department. In addition, the project proponent shall develop greenbelt outside the plant premises also such as avenue plantation, plantation in vacant areas, social forestry etc.
- (xv) As committed, Fund allocation for the Corporate Environment Responsibility (CER) shall be 5 % of the total project cost. Item-wise details along with time bound action plan shall be prepared and submitted to the Ministry's Regional Office.
- (xvi) Safety and visual reality training shall be provided to employees.
- (xvii) For the DG sets, emission limits and the stack height shall be in conformity with the extant regulations and the CPCB guidelines. Acoustic enclosure shall be provided to DG set for controlling the noise pollution.
- (xviii) The unit shall make the arrangement for protection of possible fire hazards during manufacturing process in material handling. Fire-fighting system shall be as per the norms.
- (xix) Occupational health surveillance of the workers shall be done on a regular basis and records maintained as per the Factories Act.
- (xx) Continuous online (24x7) monitoring system for stack emissions shall be installed for measurement of flue gas discharge and the pollutants concentration, and the data to be transmitted to the CPCB and SPCB server.
   For online continuous monitoring of effluent, the unit shall install web camera

EC for M/s Cheminova India Limited (Intermediate Division)

Page 5 of 9

with night vision capability and flow meters in the channel/drain carrying effluent within the premises.

(xxi) Mitigating measures suggested during process safety and risk assessment studies shall be undertaken accordingly.

**11.1.** The grant of environmental clearance is subject to compliance of other general conditions, as under:-

- (i) The project authorities must strictly adhere to the stipulations made by the State Pollution Control Board, Central Pollution Control Board, State Government and any other statutory authority.
- (ii) No further expansion or modifications in the plant shall be carried out without prior approval of the Ministry of Environment, Forest and Climate Change. In case of deviations or alterations in the project proposal from those submitted to this Ministry for clearance, a fresh reference shall be made to the Ministry to assess the adequacy of conditions imposed and to add additional environmental protection measures required, if any.
- (iii) The locations of ambient air quality monitoring stations shall be decided in consultation with the State Pollution Control Board (SPCB) and it shall be ensured that at least one station each is installed in the upwind and downwind direction as well as where maximum ground level concentrations are anticipated.
- (iv) The National Ambient Air Quality Emission Standards issued by the Ministry vide G.S.R. No. 826(E) dated 16<sup>th</sup> November, 2009 shall be followed.
- (v) The overall noise levels in and around the plant area shall be kept well within the standards by providing noise control measures including acoustic hoods, silencers, enclosures etc. on all sources of noise generation. The ambient noise levels shall conform to the standards prescribed under Environment (Protection) Act, 1986 Rules, 1989 viz. 75 dBA (day time) and 70 dBA (night time).
- (vi) The Company shall harvest rainwater from the roof tops of the buildings and storm water drains to recharge the ground water and use the same water for the process activities of the project to conserve fresh water.
- (vii) Training shall be imparted to all employees on safety and health aspects of chemicals handling. Pre-employment and routine periodical medical examinations for all employees shall be undertaken on regular basis. Training to all employees on handling of chemicals shall be imparted.
- (viii) The company shall also comply with all the environmental protection measures and safeguards proposed in the documents submitted to the Ministry. All the recommendations made in the EIA/EMP in respect of environmental management, and risk mitigation measures relating to the project shall be implemented.
- (ix) The company shall undertake all relevant measures for improving the socio-economic conditions of the surrounding area. ESC activities shall be undertaken by involving local villages and administration.

EC for M/s Cheminova India Limited (Intermediate Division)

Page 7 of 9

- (x) The company shall undertake eco-developmental measures including community welfare measures in the project area for the overall improvement of the environment.
- (xi) The company shall earmark sufficient funds towards capital cost and recurring cost per annum to implement the conditions stipulated by the Ministry of Environment, Forest and Climate Change as well as the State Government along with the implementation schedule for all the conditions stipulated herein. The funds so earmarked for environment management/ pollution control measures shall not be diverted for any other purpose.
- (xii) A copy of the clearance letter shall be sent by the project proponent to concerned Panchayat, Zilla Parishad/Municipal Corporation, Urban local Body and the local NGO, if any, from whom suggestions/ representations, if any, were received while processing the proposal.
- (xiii) The project proponent shall also submit six monthly reports on the status of compliance of the stipulated Environmental Clearance conditions including results of monitored data (both in hard copies as well as by e-mail) to the respective Regional Office of MoEF&CC, the respective Zonal Office of CPCB and SPCB. A copy of Environmental Clearance and six monthly compliance status report shall be posted on the website of the company.
- (xiv) The environmental statement for each financial year ending 31st March in Form-V as is mandated shall be submitted to the concerned State Pollution Control Board as prescribed under the Environment (Protection) Rules, 1986, as amended subsequently, shall also be put on the website of the company along with the status of compliance of environmental clearance conditions and shall also be sent to the respective Regional Offices of MoEF&CC by e-mail.
- (xv) The project proponent shall inform the public that the project has been accorded environmental clearance by the Ministry and copies of the clearance letter are available with the SPCB/Committee and may also be seen at Website of the Ministry at http://moef.nic.in. This shall be advertised within seven days from the date of issue of the clearance letter, at least in two local newspapers that are widely circulated in the region of which one shall be in the vernacular language of the locality concerned and a copy of the same shall be forwarded to the concerned Regional Office of the Ministry.
- (xvi) The project authorities shall inform the Regional Office as well as the Ministry, the date of financial closure and final approval of the project by the concerned authorities and the date of start of the project.

**12.** The Ministry reserves the right to stipulate additional conditions, if found necessary at subsequent stages and the project proponent shall implement all the said conditions in a time bound manner. The Ministry may revoke or suspend the environmental clearance, if implementation of any of the above conditions is not found satisfactory.

EC for M/s Cheminova India Limited (Intermediate Division)

Page 8 of 9

**13**. Concealing factual data or submission of false/fabricated data and failure to comply with any of the conditions mentioned above may result in withdrawal of this clearance and attract action under the provisions of the Environment (Protection) Act, 1986.

14. Any appeal against this environmental clearance shall lie with the National Green Tribunal, if preferred, within a period of 30 days as prescribed under Section 16 of the National Green Tribunal Act, 2010.

**15.** The above conditions will be enforced, *inter alia* under the provisions of the Water (Prevention & Control of Pollution) Act, 1974. Air (Prevention & Control of Water Pollution) Act, 1981, the Environment (Protection) Act, 1986, Hazardous and Other Wastes (Management and Transboundary Movement) Rules, 2016 and the Public Liability Insurance Act, 1991 along with their amendments and rules.

16. This issues with approval of the competent authority.

### 2. SPECIFIC CONDITIONS:-

- a. Total production shall not exceed 19615 MT/Month in any case.
- b. There shall be no change in mode of disposal of wastewater.
- c. There shall be no change in fuel consumption, flue gas emission and process gas emission.
- d. There shall be no change in Hazardous waste quantity / category.
- e. Unit shall sell out their hazardous waste to authorized end-users who is having authorization with valid CCA and rule 9 permission to receive this waste. Unit shall make MoU with such authorized end-users and submit MoU at time of application of CCA.
- f. All the efforts shall be made to send hazardous waste to cement industry for Co-processing first & there after it shall be disposed through other option.
- g. Unit shall follow spent solvent management guideline framed by board and shall make MoU with outside distillation units, if any. Also submit the prescribed forms as per guideline.
- h. There shall not be increase in pollution load due to proposed change in product mix.
- i. There shall not be any change in plant building, equipments & machineries to manufacture the proposed new products after change in product mix.
- j. In the case of submission of the false or misleading data, this CTE amendment will be forfeited immediately.
- k. CCA is granted with a condition to comply guideline to be issued by Ministry of Environment, Forest and Climate Change in the matter of 0.A.No.1038/2018 and Hon.NGT order dated: 10/07/2019 and 23/08/2019.

# [A] Additional conditions under Air Act:

a) Unit shall adhere to stringent air pollutants standards i.e. B0 % of existing flue gas and process emission standards in the CPA.

PARYAVARAN BHAVAN Sector-10-A, Gandhinagar 382 010 Phone : (079) 23222425 (079) 23232152 Fax : (079) 23232156 Website : www.gpcb.gov.in

|            | lue gas Emission Standard | s                                  |
|------------|---------------------------|------------------------------------|
| Parameters | Existing                  | Revised norms (80% of<br>Existing) |
| PM         | 150 mg/Nm3                | 120 mg/Nm3                         |
| \$02       | 100 PPM                   | BOPPM                              |
| NOx        | 50 PPM                    | 40 PPM                             |

 b) Following air pollution control measures shall be provided for the flue gas emission sources like Boller, Thermic Fluid Heaters etc. (As Applicable)

| Stipulated APCM in Red cate        | gory industrial units of CPA   |
|------------------------------------|--------------------------------|
| Steam generation capacity (in TPH) | Type of APCM                   |
| Less than 1                        | Multi Cyclone                  |
| 1 to <3                            | Multi Cyclone + Water Scrubber |
| 3 to <6                            | Bag filter + Water Scrubber    |
| ≥6                                 | ESP+ Water Scrubber            |

- c) Unit shall provide at least two stage scrubbing system of appropriate media for the tontrol of the process gas emission.
- d) Unit shall install and commission Continuous Emission Monitoring System- CEMS (as per CPCB guidelines for relevant parameters) which shall be connected with GPCB/ CPCB server (In case of large and medium red category industries)
- e) All common facilities shall install CEMS (as per CPCB guidelines for relevant parameters) which shall be connected with GPCB/CPCB server to the Stacks provided with Common Multiple Effect Evaporator (CMEE), Common Spray Dryer, Common incinerator etc.
- f) The unit shall adhere to Sector specific guidelines/ SOP published by GPCB / GPCB from time to time for effective fugitive emission control. (like guidelines for: Stone crushing units, Cool handling units, spent solvent handling and management, spent acid management, Decontamination of drums, containers etc.)
- g) Unit shall take adequate measures to control odour nuisance from the industrial activities which may include measures like- use of masking agent with atomizer system (water curtain), closed / automatic material handling system, containment of the odour vulnerable areas etc.
- b) Unit shall not use Pet-coke, furnace oil, LSHS as a fuel.
- Unit shall adopt sectoral Best Available Technology-BAT (Like Use of Induction Furnace, Electric Arc Furnace instead of Cupola furnace in foundry industry, Caustic Recovery System in Cotton Textile units etc.)
- J) Unit shall provide green belt of 40% of the plot area, using concept of the social forestry and development of green belt outside project promises in adjacent areas.
- k) Unit shall provide Wall to Wall carpeting in vehicle movement areas within premises to avoid dusting.

### [B] Additional conditions under the Water Act:

 a) Unit shall only use treated effluent for preparation of lime and other slurry in ETP. No fresh water shall be utilized in ETP.

# Clean Gujarat Green Gujarat

ISO-9001-2008 & ISO-14001 - 2004 Certified Organisation

Page 5 of 7

- b) In the case, if the Industry is not a member of CETP and domestic waste water generation is more than 10 KLPD, industry shall install STP of adequate capacity and treated sewage shall be reused / recycled to the maximum extent.
- c) In case of Large and Medium Red Category industry, the unit shall install system for continuous monitoring of effluent quality / quantity as per CPCB guidelines for relevant parameters [like pH, Flow. Temperature, TOC/COD, NH3-N etc.] and shall be connected to GPCB server. In case, if the industry is a member of CETP, unit shall install flow meter.
- i) If the water consumption of the unit is more than 50 KLPD, Unit shall submit detailed water harvesting plan (off site).
- e) The unit shall explore Techno-Economic feasibility of Zero Liquid Discharge (ZLD) and if feasible, ZLD should be adopted.

# [C] Additional conditions under the Hazardous Waste Management Rules:

- a) Unit shall strictly carry out handling, storage and disposal of fly-ash, slag, red-mud, deinking sludge etc. (High Volume- Low Effect Wastes) as per prevailing guidelines and its disposal at designated locations approved by the Board.
- b) Industry shall dispose its hazardous wastes through co-processing, pre-processing to the extent possible prior its disposal to incineration/ landfill as per provisions of Hazardous and Other Wastes (Management and Transboundary Movement) Rules, 2016.
- c) industry shall strictly comply with all the measures specified in guidelines for spent solvent management, spent acid management, and other guidelines/directions published from time to time by GPCB and/or CPCB, etc
- d) Unit shall carry out transportation of hazardous wastes through GPS mounted vehicles only.

# [D] Other General Conditions:

- a) Unit shall submit report of compliance of the conditions of EC every year to the Board prepared by third party.
- b) Unit shall enhance CER fund allocation to at least 1.5 times the slabs given in the OM dated 01.05.2018 for SPA and 2 times for CPA in case of Environmental Clearance.

# 3. CONDITION UNDER THE WATER ACT:

- 3.1 The condition No. 3.3 for Water Consumption under Water Act of the CCA order No: AWH-86147, issued vide letter no. GPCB/ ANK/CCA-115(9)/ID-15016/415086, dated 16/06/2017 and further amended dated 31/08/2018 is amended and shall now be read as under.
  - a. Domestic: 25 KL/Day (Existing 25 KLD + Proposed Nil)
  - b. Industrial: 423 KL/Day (Existing 429 KLD Proposed 6 KLD)
  - c. Gardening: 25 KL/Day (Existing 25 KLD + Proposed Nil)
  - Total: 473 KL/Day (Existing 479 KI.D Proposed 6 KLD)
- 3.2 The condition No. 3.1 & 3.2 for Wastewater Generation under Water Act of the CCA order No. AWH-86147, issued vide letter no. GPCB/ ANK/CCA-115(9)/ID-15016/415086, dated 16/06/2017 and further amended dated 31/08/2018 is amended and shall now be read as under.

a Domestic: 25 KL/Day (Existing 25 KLD + Proposed Nil)

b Industrial: 176 KL/Day (Existing 181 KLD - Proposed 5 KLD)

Total: 201 KL/Day (Existing 206 KLD - Proposed 5 KLD)

176 KLD treated effluent shall be discharged to NCTL by underground drainage line and 25 KLD domestic sewage shall be disposed off through septic tank/soak pit system as per previous CCA conditions.

CONSOLIDATED CONSENT AND AUTHORIZATION (CC & A - Amendment)

#### NO: GPCB/ANK/CCA-115/ID-15016/ Date: 09/08/2017

Amendment in CCA order No: AWH-86147, issued dated 17/06/2017 for revision of effluent discharge norms.

To,

M/s. Cheminova India Ltd( Intermediate Div ), PLOT NO: 27,28, **GIDC ESTATE: Panoli**, DIST-BHARUCH.

- SUB: Amendment in Consolidated Consent & Authorization (CC&A) under various Environmental Acts/ Rules - Reg. revision of FETP inlet norms.
- REF: (1) Your previous CCA No. AWH-86147, dated 17/06/2017

#### Sir,

The Board has issued a Consent to Operate (CC&A) for your industry/ operation vide No. AWH-86147 dated 17/06/2017 having validity up to 04/03/2022.

The norms / standards were prescribed in the said consent to operate (CC&A) for the discharge of treated effluent in to FETP(Final Effluent Treatment Plant) of NCT.

Now, based on the recommendations of the norms committee, the Board has prescribed inlet norms for the FETP based on its design Parameter.

M/s. Cheminova India Ltd( Intermediate Div ), Plot No: 27,28, GIDC Estate: Panoli, Dist-Bharuch is a member of FETP (NCT) & discharging its effluent to the FETP (NCT). Considering the same, the norms prescribed under condition of the said consent are amended as under:

#### CONDITION UNDER THE WATER ACT: A.

(1) The effluent conforming to the below standards shall be discharged into G.I.D.C. underground drainage system and conveyed to FETP (NCTL), which shall be further treated at FETP & discharged ultimately to deep sea for final disposal through pipeline.

| Sr. No.  | PARAMETERS   | PERMISSIBLE LIMIT      |

Website: www.gpcb.gov.in

#### SPECIFIC CONDITIONS

CPCR

1. Mother liquor 35 KLD shall be incinerated in common incinerator facility at BEIL or SEPPL or GSPL, Palsana OR send it for co-processing to cement industries.

#### OTHER CONDITIONS

1.All the efforts shall be made to send hazardous waste to cement industry for Co- processing first & there after it shall be disposed through other options.

2.Unit shall follow spent solvent management guideline framed by the Board and shall make MoU with outside distillation units, if any. Also submit the prescribed forms as per guideline.

3.Unit shall strictly follow "Fly Ash Notification" for disposal of generated ash.

#### 3. CONDITION UNDER THE WATER ACT:

3.1 The quantity of total water consumption shall not exceed 500.00 KL/Day as per below break up as mentioned in form D submitted for consent application under the Water Act- 1974.

- a) Industrial: 475.00 KL/Day
- b) Domestic: 25.00 KL/Day

3.2 The quantity of total waste water generation shall not exceed 206.00 KL / Day as per below break up as mentioned in form D submitted for consent application under the Water Act- 1974.

- a) Industrial: 181.00 KL/Day
- b) Domestic: 25.00 KL/Day

3.3 Sewage shall be disposed off through septic tank/seak pit system or shall be treated separately in Sewage Treatment Plant (STP) to conform the following standards and treated sewage shall be utilized on land for irrigation / plantation.

| Sr. No. | PARAMETERS                             | PERMISSIBLE LIMIT |
|---------|--|-------------------|
| 1       | Biochemical Oxygen Demand, BODs, 27º C | Less than 20 mg/L |
| 2       | Total Suspended Solids                 | Less than 30 mg/L |
| 3       | Total Residual Chlorine                | Minimum 0.5 ppm   |

Or Sewage shall be treated in ETP along with Industrial effluent and discharged into GIDC underground drainage system and conveyed to FETP (NCTL).

3.4 The quality of industrial effluent shall conform to the following standards(as per GPCB norms, whichever is applicable)

| SR No. | PARAMETERS                            | PERMISSIBLE LIMIT |
|--------|---------------------------------------|-------------------|
| 1      | pH                                    | 5.5 to 8.5        |
| 2      | Temperature                           | 40 C              |
| 3      | Colour (pt.co.scale)                  | 100 units         |
| 4      | Total Suspended Solids (TSS)          | 100 mg/L          |
| 5      | Total Dissolved Solids (TDS)          | 2100 mg/L         |
| 6      | Biochemical Oxygen Demand, BOD3, 27 C | 30 mg/L           |
| 7      | Chemical Oxygen Demand (COD)          | 100 mg/L          |
| 8      | Oil and Grease                        | 10 mg/L           |
| 9      | Phenolic Compounds (as C6H5OH)        | I mg/L            |
| 10     | Sulphide (as S)                       | 0.5 mg/L          |

|    |                               | Encountry in the transfer of the second |

3.5 The effluent conforming to the above standards shall be discharged into G.I.D.C. underground drainage system and conveyed to FETP (NCTL) which ultimately leads to deep sea for final disposal through pipeline.

3.6 Unit shall be required to make storage facilities to store the effluent for at least 72 hours by providing acid proof brick lined impervious tanks / HDPE tanks.

3.7 In case of shut - down of plant for more than three (3) days for any reason, the NCTL unit member shall intimate to NCTL authority & GPCB well in advance for the better operation & management of CETP.

3.8 Unit shall make fixed arrangement for discharge of the effluent from their Final collection tanks to the underground drainage network of NCTL. Unit shall not keep any by-pass line or system or loose or flexible pipe line for discharge of the effluent into underground drainage network of NCTL.

3.9 Magnetic flow meters shall be installed at the inlet & outlet of effluent collection tanks / ETP to measure the quantity of effluent discharged into the underground drainage network of NCTL.

3.10 Unit shall affix of water meters as per Section 4 (1) of the water (Prevention and Control of Pollution) Cess Act-1977 for the purpose of measuring and recording the quantity of water consumed at such places as may be required, within 15 days and it shall be presumed that the quantity indicated by the meter has been consumed by the unit until the contrary is proved.

3.11 Unit shall provide adequate / safe effluent sampling facility for the effluent being stored in final collection / discharge tank of ETP or being discharged into CETP.

3.12 Unit shall put up at the entrance a board displaying the name of unit, particulars of the products/ process, the name of proprietor / partners / directors of the unit, NCTL membership number & date of joining of NCTL, the electricity consumer number as on the record of DGVCL.

### Clean Gujarat Green Gujarat ISO-9001-2008 & ISO - 14001 - 2004 Certified Organisation

Page No-6 of 11

Paryayaran Bhavan, Sector-10/A, Gandhinagar - 382010

Phone: (079)23226295 , Fax: (079)23232156

Website: www.gpcb.gov.in

3.13 Unit shall have to display on - line data outside the main factory gate with regard to and nature of hazardous chemicals being handled in the plant, including waste water and air emission and solid hazardous waste generated within the factory premises.

3.14 Unit shall either stop or curtail its production activities if the effluent is not adequately treated by the FETP of NCTL to conform to the standards specified by GPCB.

3.15 The authorized representative of NCTL shall have right of entry at any time for the purpose of inspection and monitoring the effluent collection facilities / ETP (if required) of Unit.

3.16 Unit shall have to keep accurate records of quality & quantity of effluent discharged to FETP on dayto-day basis. Separate logbook shall be maintained for recording the data & shall be made available for inspection as & when asked.

3.17 Unit shall keep accurate records of quantity of production of each product, quantity of water consumption, quantity of effluent generated and consumption of electricity on day to day basis and required to submit the complied record of each month to GPCB on or before fifth day of the succeeding month.

3.18 In case of incinerators or MEE, the flow measuring devices for mother liquor/ toxic effluent / Nonbiodegradable effluent, light diesel oil, Furnace oil, etc. i.e. fuel used for combustion, air used for combustion shall be separately provided. Incinerator temperature recording devices as well as gaseous flow measuring devices for scrubber shall also be provided. These data of temperature & flow should be recorded every day & submitted to GPCB on monthly basis.

3.19 Disposal system for storm water shall be provided separately. In no circumstances storm water shall be mixed with the industrial effluent.

3.20 Leachate from the hazardous solid waste, if any shall also be connected into a collection tank through leachate collection facilities and shall be treated along with industrial effluent and final treated effluent shall be discharged to the CETP of NCTL.

3.21 If the NCTL authority terminates the membership of CETP, the NCTL member unit shall have to close down the manufacturing activities / industrial operation of the process plant immediately until the NCTL membership is resumed.

3.22 The Environmental Management Unit / Cell shall be setup to ensure implementation on and monitoring of environment safeguards and other conditions stipulated by statutory authorities. The Environmental Management Cell / Unit shall directly report to the Chief Executive of the organization and shall work as a focal point for internalizing environmental issued. These Cells also coordinate the exercise of environmental audit and preparation of environmental statements.

3.23 The Environmental audit shall be carryout yearly, if applicable. The environmental statements pertaining to the previous year shall be submitting to this State Board latest by 30th September every year.

3.24 Adequate plantation shall be carried out all along the periphery of the industrial premises in such a way that the density of plantation is at least 1000 trees per acre of land and a green belt of 5 meters width is developed.

3.25 In case of change of ownership / management the name and address of the new ownership / partners/ directors/ proprietor should immediately be intimate to the Board. Also any change in equipment or working conditions as mentioned in the consents form / order should immediately be intimated to this Board.

3.26 The Board reserves the right to review and/or revoke the consent and / or make modifications in the conditions which it seems fit in accordance with provisions of Water Act - 1974.

#### 4.CONDITIONS UNDER THE AIR ACT:

#### SPECIFIC CONDITION

CPCR

1. Unit shall operate only one boiler (i.e. NG based Boiler Maxima GT-5310 (Cap 10 TPH) OR Furnace Oil based Boiler IAC GT-4423 (Cap 10 TPH)) at a same time.

a. Annual arithmetic mean of minimum 104 measurements in a year at a particular site taken twice a week 24 hourly at uniform intervals.

b. 24 hourly or 08 hourly or 01 hourly monitored values, as applicable, shall be complied with 98% of the time in a year. 2% of the time, they may exceed the limits but not on two consecutive days of monitoring.

4.4 Unit shall operate industrial plant / air pollution control equipment very efficiently and continuously so that the gaseous emission always conforms to the standards specified as above.

4.5 The consent to operate the industrial plant shall lapse if at any time the parameters of the gaseous emission are not within the tolerance limits specified as above.

4.6 Unit shall provide portholes, ladder, platform etc at chimney(s) for monitoring the air emissions and the same shall be open for inspection to / and for use of Board's staff. The chimney(s) vents attached to various sources of emission shall be designed by numbers such as S-1, S-2, etc. and these shall be painted / displayed to facilitate identification.

# SIX MONTHLY EC COMPLIANCE REPORT

# **GUJARAT POLLUTION CONTROL BOARD**

Paryavaran Bhavan, Sector-10/A, Gandhinagar - 382010

Phone: (079)23226295 , Fax: (079)23232156

Website: www.gpcb.gov.in

6.2 The authorisation or its renewal shall be produced for inspection at the request of an officer authorised by the Gujarat Pollution Control Board.

6.3 The person authorised shall not rent, lend, sell, transfer or otherwise transport the hazardous and other wastes except what is permitted through this authorisation.

6.4 Any unauthorised change in personnel, equipment or working conditions as mentioned in the application by the person authorised shall constitute a breach of his authorisation.

6.5 The person authorised shall implement Emergency Response Procedure (ERP) for which this authorisation is being granted considering all site specific possible scenarios such as spillages, leakages, fire etc. and their possible impacts and also carry out mock drill in this regard at regular interval of time.

6.6 The person authorised shall comply with the provisions outlined in the Central Pollution Control Board guidelines on "Implementing Liabilities for Environmental Damages due to Handling and Disposal of Hazardous Waste and Penalty"

6.7 It is the duty of the authorised person to take prior permission of the Gujarat Pollution Control Board to close down the facility.

6.8 The imported hazardous and other wastes shall be fully insured for transit as well as for any accidental occurrence and its clean - up operation.

6.9 The record of consumption and fate of the imported hazardous and other wastes shall be maintained.

6.10 The hazardous and other waste which gets generated during recycling or reuse or recovery or pre - processing or utilisation of imported hazardous or other wastes shall be treated and disposed of as per specific conditions of authorisation.

6.11 The importer or exporter shall bear the cost of import or export and mitigation of damages if, any,

6.12 An application for the renewal of an authorisation shall be made as laid down under Hazardous & Other Wastes (Management and Transboundary Movement) Rules - 2016.

6.13 Any other conditions for compliance as per the Guidelines issued by the Ministry of Environment, Forest and Climate Change or Central Pollution Control Board from time to time,

6.14 Annual return shall be filed by June 30th for the period ensuring 31st March of the year.

6.15 Unit shall have to display the relevant information with regard to hazardous waste as indicated in the Court's order in W.P. No. 657 of 1995 dated 14th October 2003.

### 2. SPECIFIC CONDITIONS:

- a. Total production shall not exceed 19615 MT/Annum in any case.
- b. There shall be no change in mode of disposal of wastewater.
- c. There shall be no change in fuel consumption, flue gas emission and process gas emission.
- d. There shall be no change in Hazardous waste quantity / category.
- e. Unit shall sell out their hazardous waste to authorized end-users who is having authorization with valid CCA and rule 9 permission to receive this waste. Unit shall make MoU with such authorized end-users and submit MoU at time of application of CCA.
- f. All the efforts shall be made to send hazardous waste to cement industry for Co-processing first & there after it shall be disposed through other option.
- Unit shall follow spent solvent management guideline framed by board and shall make MoU with outside distillation units, if any. Also submit the prescribed forms as per guideline.

Application For CTE after EC

File No : GPCB/ (PCB ID. - 15016) To, <u>M/s. Cheminova India Ltd( Intermediate Div )</u>, 27,28, , City : Panoli , Dist : Ankleshwar , Taluka : Ankleshwar

- Sub: Consent to Establish (After obtaining Environment Clearance) under Section 25 of Water Act 1974 and Section 21 of Air Act 1981.
- Ref: (1) Your online application No. 176068 dated 07/05/2020

 Environment Clearance Issued by Central Authority vide their letter no. IA-J-11011/53/2018-IA-II(I) Dated 31/12/2019

Sir,

Without prejudice to the powers of this Board under the Water (Prevention and Control of Pollution) Act-1974. the Air Act-1981 and the Environment (Protection) Act-1986 and without reducing your responsibilities under the said Acts in any way, this is to inform you that this Board grants Consent to Establish (After obtaining Environment Clearance) under Section 25 of Water Act 1974 and Section 21 of Air Act 1981 for manufacturing of products as mentioned into the Environment Clearance (EC) granted vide letter under reference no (2) above.

### Consent To Establish Is Granted Subject To The Following Conditions: -

- 1) The validity period of this CTE shall be Seven Years from the issue of this order.
- Applicant shall strictly comply with all conditions stipulated by competent authority in the order of Environment Clearance issued vide letter under reference No.: 2 above.
- 3) The applicant shall however, not without the prior concern of the Board. Bring into use any new or altered outlet for the discharge of effluent or gaseous emission or sewage waste from the proposed industrial plant. The applicant is required to make applications to this Board for this purpose in the prescribed forms under the provisions of the water Act 1974, the Air 1981 and the Environment (Protection) Act 1986.

000 0A1061202 For and on behalf of Gujarat Pollution Control Board R.R.Vyas ROH Head - Ankleshwar This order is issued to 27.28, ... City : Penoli, Dist : Ankleshwar, Taluka : Ankleshwar (15016) for CTE amendment after obtaining EC. Printed Q0 03/06/2020 Pane 1 of 1 GPCR ID - 15016

# Specific Conditions along with EC to CTE order

- 1) You shall maintain ZLD for entire project and surrender the membership alongwith physical connection of treated wastewater discharge to NCT
- Comply with all provisions prevailing Dual discharge policy of the Board for Ankleshwar & Panoli Regions.
- All other conditions mentioned in the EC granted to the unit shall be complied with.
- 4) MoUs shall be done with the actual users to whom all the Haz. Wastes are proposed to be sent. The actual user must have valid CCA of the Board and also shall have obtained permission under rule 9 of the Hazardous waste rules-2016.
- 5) Since your industry is located in critically polluted area, stringent environmental norms as per the NGT orders, shall be applicable

Subject: Submission of Annual returns (Form -4)

Respected Sir,

0

We hereby ceclare that we have sent hazardous waste to different facilities during the period of April -2019 to March 2020 as per the Authorization for "The Hazardous and Other waste iManagement & Transboundary Movement) Rule 2016.

This is as per the requirement of Rule - [ 6(5), 13(8),16(6) and 2C (2)].

We have uploaded the attached Form -IV at. xgn site. The hard copies are enclosed with this letter.

Thanking You,

For CHEMINOVA INDIA LTD.

| 3)Disposed  | 750  | Nil   |

### PART-F

Please specify the characterizations (in terms of composition and quantum) of Hazardous as well as solid wastes and indicate disposal practice adopted for both these categories of wastes.

### KINDLY REFER ANNEXURE-2

### PART-G

impact of the pollution control measures on conservation of natural resources and on the cost of production.

(1) Use of Furnace oil in Bolier has been stopped and Bio-Fuel (Briquette) Boiler is in operation most of time and Natural Gas Boiler is used as stand by

(3) Aggrement had been made woth Solar Power suplier and Use of solar power will be started

### PART-H

Additional measures/investment proposal for environmental protection including abatement of pollution, prevention of pollution.

The plant has an Management System certified against the international Standard ISO-14001/2016 and OHSAS : 18001/2007 & ISO 9001/2016 which encompasses, inter alia, measures for cost reduction and conservation of resources

Continuous improvement is brought in as a part of the Environment Management System by undertaking objectives and targets for resource conservation.

Continuous improvement is brought in as a part of the Environment Management System by undertaking objectives and targets for resource conservation.

### PART-I

Any other particulars for improving the quality of the environment.

(1) Aeartion Tank -3 has been cloened and revamed to have effective working volume

(2) Permanent shed was provided to Hazardous waste storage area.

Date: 5-Sep-20

(Signature of a person carrying out an initiality, operation or process) None: Thou S Patel Designation: Factory Manager Address: Cheminova India Limited. (Intermediate Division) Plot no.(27/28)/A, GIDC Estate, Panoli-394116, Dist, Ilharuch, Gujarat.

### PRODUCTION CAPACITY (MT / YEAR)

| Sr. No. | Products  | Total<br>Capacity<br>(MT/Annu<br>m) |
|---------|---|-------------------------------------|
| 1       | Phosphorus Trichloride (PCI <sub>3</sub> )  | 1000                                |
