Maple DF™

A micronutrient for agricultural crops formulated as a water-dispersible granule

EC FERTILISER (Ireland only)**UK FERTILISER** (GB only)

Manganese sulphate salt

Water-soluble manganese (Mn): 31% w/w (310 g/kg)

Sulphur trioxide (SO₃): 45% w/w (450 g/kg)

Net Content: 10 kg

To be used only where there is a recognised need. Do not exceed the appropriate dose rates.

RATES OF USE

Apply 2.5 - 5 kg/ha in at least 200 litres of water. Repeat applications may be necessary as advised or recommended by analysis.

Subclinical (maintenance) dressing: 1 kg/ha twice during Spring / Summer period.

Water volume:

For best results, apply Maple DF in at least 200 litres of water. Do not use less than 200 l/ha if Maple DF is to be applied in tank mix with other products.

TIMING**Cereals:** In the Autumn as soon as there is sufficient leaf present to absorb the spray and repeat in the spring when growth re-commences.**Oilseed rape:** In the Autumn prior to dormancy and again in the Spring at the onset of growth.**Potatoes:** Apply with the first blight sprays. Repeat applications with later blight sprays at half-rate will be beneficial.**Sugar beet:** Apply at 4 – 6 leaf.**Peas and beans:** In areas of known deficiency, apply when the crop is 10 – 15 cm high. If symptoms persist, repeat at flowering and again 7 – 10 days later.

It is recommended that soil and tissue analysis results are used whenever possible to guide micro and macronutrient applications to optimise crop nutrient status.

Do not apply this product in very bright sunlight or in temperatures above 25°C. If possible, spray in the evening or early morning for best results.

APPLICATION**Do not premix.**

Half fill the spray tank with water, begin agitation and proceed as follows:

Induction Bowls - pass required amount of product slowly through the bowl whilst on constant flow setting.**Top Filling** - wash required amount of product through top filter.

Complete the filling and apply without delay. Maintain agitation throughout. Clean sprayer thoroughly after use.

COMPATIBILITYMaple DF is physically and chemically compatible with a wide range of agrochemical products. Consult your supplier for the latest information. Up-to-date information is available at www.fmc-agro.co.uk. Always read the label of the partner product carefully before mixing with Maple DF.**STORAGE**

Store in cool, dry and well-ventilated place. Avoid high air humidity and prolonged sunlight exposure. Keep out of reach of children. Keep away from food, drink and animal feedingstuffs. Keep in original containers tightly closed.

SAFETY PRECAUTIONS

H318: Causes serious eye damage.

H373: May cause damage to organs through prolonged or repeated exposure.

H411: Toxic to aquatic life with long lasting effects.

Danger

P260: Do not breathe dust.

P273: Avoid release to the environment.

P280: Wear protective gloves/protective clothing/eye protection/face protection.

P305+351+338: IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.

P337+313: If eye irritation persists: Get medical advice/attention.

P501: Dispose of contents/container to hazardous or special waste collection point.

Contains: MANGANESE SULPHATE MONOHYDRATE

UFI: 0EK2-C3E2-RN4N-UF1Q

Conditions of Supply: All goods supplied by us are of high quality and we believe them to be suitable but as we cannot exercise control over their storage, handling, mixing or use, or weather conditions before, during and after application which may affect performance of the goods, all warranties, statutory or otherwise, as to the quality or fitness for any purpose of our goods are excluded and no responsibility will be accepted by us or by re-sellers for any failure in performance, damage or injury whatsoever arising from their storage, handling, application or use. These conditions cannot be varied by our staff or agents whether or not they supervise or assist in the use of such goods.

Made in UK

Batch No: See the bag

Contents: 10 kg
