

2024-2025 Xyway® LFR® Fungicide Equipment Program

The **2024-2025 FMC Xyway® LFR® Fungicide Equipment Program** has been established to increase access for growers who need to use Xyway LFR fungicide via indirect placement that aligns with label requirements per crop i.e., 2x2 inch, 2x2x2 dual-placement, or similar placements. This incentive is designed to reimburse growers, in part, for the cost of equipment used to help growers experience Xyway LFR fungicide and its game-changing, systemic, inside-out protection.

PROGRAM BENEFITS

Growers can earn an incentive of \$2 per acre when applying the full rate of Xyway LFR fungicide to be used toward qualifying equipment purchases. The rebate cannot exceed the equipment cost and equipment must be purchased during the current program year of July 1, 2024, through June 30, 2025.

QUALIFIED LIST FOR INDIRECT APPLICATION
Xyway LFR fungicide equipment, parts or update kits
Tanks for planters or tractors
Rate controlling systems
Agitation systems
Recirculation pumps
Placement devices

Equipment not on this qualified list must be preapproved by your local FMC Field Service Representative (FSR). All submissions for reimbursement must be done electronically through [2024 — 2025 Xyway LFR Fungicide Equipment Program | FMC Ag US \(fmcequipmentprogram.com\)](#), QR code at retail or via FMC FSR.

The following information is required:

- Enter contact information.
- Enter quantity of Xyway LFR fungicide purchased.
- Upload Xyway LFR fungicide invoice from retailer. Invoice claims will be confirmed through GPOS data.
- Upload receipt for equipment purchase.

PROGRAM BENEFITS

- Program Period:** July 1, 2024 – June 30, 2025
- Program Geography:** U.S. corn, cotton and soybean acres
- Program Payment:** December 31, 2025
- Qualification Details:** Growers must purchase Xyway LFR fungicide and equipment during program dates to qualify.
