

Lucento® Fungicide

SUGAR BEETS - POWDERY MILDEW + CERCOSPORA

Best-in-class protection on key sugar beet diseases while preserving yield potential.

Powered by a novel premix of active ingredients from FMC, Lucento® fungicide provides an exclusive combination of benefits for smart disease protection and high yielding performance against the toughest diseases in sugar beets. Under heavy pressure, field studies demonstrated that Lucento fungicide provided excellent control of powdery mildew and cercospora leaf spot. Lucento fungicide provides a plant health response and yield advantage over competitors. It can also be used to reduce the burden on other important fungicides as part of a resistance management plan.

QUICK FACTS:

- Field studies have shown Lucento fungicide outperforms competitors such as Priaxor® Xemium® fungicide on fields with heavy disease pressure.
- Only premix of a proven SDHI, bixafen, and FMC-patented flutriafol active ingredients.
- Highly systemic fungicide with preventative and curative control of cercospora leaf spot and powdery mildew.
- Both acropetal and translaminar movement improve coverage and disease control.
- Dual modes of action reduce risk of resistance.

Disease	Application
Powdery Mildew	Utilize Lucento® fungicide preventatively when conditions are favorable for disease growth.
Cercospora Leaf Spot	Apply Lucento fungicide when disease appears or conditions are favorable for disease development. Repeat as necessary when conditions are right. Always add a broad-spectrum protectant such as Koverall® fungicide to Lucento fungicide.

Product Information:

Active Ingredient: Bixafen (succinate dehydrogenase inhibitors, FRAC Group 7), flutriafol (demethylation inhibitors, FRAC Group 3)

Application Guidelines:

Maximum rate/acre: 5.5 fl. oz./A

Retreatment interval: 21 days

Method: Ground, air, chemigation

Preharvest interval (PHI): 21 days

Maximum applications: Two per crop year

Restricted entry interval (REI): 12 hours

Amalgamated Sugar – Parma, ID Powdery Mildew – Sugar Beets – 2018
