

2021 Mustang® Maxx & Steward® EC Insecticides Alfalfa Weevil Assurance

PROGRAM DESCRIPTION

Adopting a multi-pronged approach to managing alfalfa weevil and other insect pests lets alfalfa maximize its early growth, minimize the stresses and produce greater tonnage and hay quality. An early application of Mustang® Maxx insecticide or Steward® EC insecticide in alfalfa for control of weevils followed by a later application of Steward EC insecticide for extended residual control is a best practice for effective management of alfalfa weevil damage in alfalfa. Including Dimethoate 400 EC insecticide, as needed, can also be beneficial when dealing with aphids.

When one of the following combinations of treatments are applied within the labeled timing and a third application is determined to be required prior to making the first cutting due to economical infestation of weevils – such determination to be made solely by an FMC representative or an FMC authorized agent – FMC will cover up to either \$6.00/A or \$7.50/A for the third treatment.

Qualifying Product	Assurance Benefit
<p><u>Alfalfa Weevil Larvae</u></p> <p>Steward EC insecticide 5.3 fl. oz./A* followed by Steward EC insecticide 6 fl. oz./A*</p>	Up to \$6.00 / Acre
<p><u>Alfalfa Weevil Larvae</u></p> <p>Mustang Maxx insecticide 4.0 fl. oz./A followed by Steward EC insecticide 6 fl. oz./A*</p>	
<p><u>Alfalfa Weevil Larvae & Aphids</u></p> <p>Mustang Maxx insecticide 4.0 fl. oz. + ¹Dimethoate 400 EC insecticide 16 fl. oz./A followed by Steward EC insecticide 6 fl. oz./A*</p>	Up to \$7.50 / Acre

¹ Must be FMC branded Dimethoate 400 EC insecticide

*Steward EC insecticide's federal label states 6.7 fl. oz. as the minimum rate for control of alfalfa weevils. The reduced rates in this program are pursuant to a 2EE recommendation R-4332 120519 12-04-19 for the following states: AZ, Imperial and Riverside Counties in CA, CO, ID, KS, MO, MT, NE, NV, NM, OK, OR, UT, WA and WY. Texas is covered under a separate 2EE recommendation R-4333 120519. <http://www.cdms.net/Label-Database>
