

# 2021 Spring Preemergence Residual Soybean Herbicide Assurance

## SPRING PROGRAM DESCRIPTION

Growers who follow the guidelines of the **FMC Spring Preemergence Residual Soybean Herbicide Assurance** recommendations at the minimum specified rate depending on use timing (See table below) will be eligible for an assurance payment of \$5.00 - \$10.00/A if the treatment does not maintain commercially acceptable 90 percent control of labeled weeds versus an untreated check **within 15 days after the early POST application**. The assurance funds are to be used toward a clean-up application to achieve acceptable weed control. The assurance claim must be reported within 15 days after the early post application. Spring preemergence applications must include labeled rates of Roundup® + 1.0 pt./A of 2,4-D or dicamba w/wo 1.0 fl. oz./A of Aim® EC herbicide to control emerged weeds. Follow all appropriate plant-back restrictions when using 2,4-D and dicamba products in soybeans according to labeling and soybean trait package.

Spring Soybean Weed Management Recommendation		
Apply preplant, preemergence, PPI		Apply early postemergence before weeds reach 4 inches tall.
Minimum Use Rate	Assurance Level	Minimum Use Rate
Authority® Supreme herbicide 7 fl. oz./A Authority Edge herbicide 7 fl. oz./A	Up to <b>\$10.00</b>	Labeled and recommended use rate of one of the following appropriate for the trait technology. <ul style="list-style-type: none"> <li>• <b>*Roundup PowerMAX®</b> herbicide</li> <li>• <b>*Liberty®</b> herbicide</li> <li>• <b>*Dicamba</b> formulation(s) approved for over-the-top applications in soybeans.</li> <li>• Enlist One® herbicide or Enlist Duo® herbicide</li> </ul> <p><i>*Due to widespread glyphosate resistance in weeds, glyphosate must be tank mixed with other appropriate broadleaf herbicide(s) to attain post weed control according to local recommendations. Glyphosate alone cannot be used as the only post herbicide program.</i></p> <p><i>*Some products covered by this assurance program may not be approved for tank mixing with labeled over-the-top formulations of dicamba, Enlist One herbicide or Enlist Duo herbicide at the time of this document publishing. Check appropriate tank-mix product websites for up-to- date list of approved tank-mix partners.</i></p>
Authority XL/Maxx/First DF herbicides 5 oz./A Authority Assist herbicide 8 fl. oz./A Authority Elite herbicide 26 fl. oz./A Authority MTZ herbicide 14 oz./A Anthem® MAXX herbicide 4 fl. oz./A	Up to <b>\$7.00</b>	
Spartan® Charge herbicide 7 fl. oz./A	Up to <b>\$5.00</b>	

\*Or equivalent glyphosate/glufofenate/dicamba brand at the label rate.

## PROGRAM REQUIREMENTS

1. An appropriate POST herbicide as part of a two-pass weed control program must be applied in-crop before assurance program/claim is in effect. If inadequate weed control is attained after the in-crop application is made, FMC will investigate claim.
2. An authorized FMC representative must be notified of a claim within 15 days after the POST application is made, prior to the established deadline and have a reasonable opportunity to inspect prior to any additional product applications. The authorized FMC representative must confirm inadequate product performance.
3. Assurance benefit is for product costs only. Application and other related costs are excluded from assurance payments.
4. Leave a representative check strip in each field for comparison and mark its location.
5. Products must be applied according to label use directions and in accordance with local FMC recommendations.
6. Growers/retailers must provide proof that all products were applied at appropriate timing where sequential application programs are recommended.
7. Record and save product lot or batch numbers.

## 2021 Spring Preemergence Residual Soybean Herbicide Assurance

<b>Program Period:</b>	January 1, 2021 - July 15, 2021
<b>Program Geography:</b>	Nationwide
<b>Claim Submission Deadline:</b>	July 15, 2021
<b>Program Payment Date:</b>	30 days after claim submission to FMC

### PROGRAM RULES & CONDITIONS

1. FMC reserves the right to change any or all features of this program at any time.
2. Proof of purchase is required. Only FMC branded products purchased from FMC authorized distributors or retailers and reported by electronic reporting methods are eligible for payment under this program.
3. Only product purchased for resale to growers is eligible for payment under the terms of this program.
4. FMC reserves the right to audit all claims. Misreported sales of any type are a clear violation of this program and will be subject to audit and possible forfeiture of any and all program benefits.
5. FMC is in no way liable or responsible for any grower failure to pay the retailer.
